SENSATIONS

Listen To My Shapes

“One of the finest Bay Area bands to emerge in the last year. The band plays inspirational guitar rock in the vein of Muswell Hillbilly era Kinks, Thunderclap Newman, The Byrds and sometimes Simon & Garfunkel. Listen To My Shapes has a fresh modern approach to garage rock that meets the psychedelic harmonies of the British Invasion complete with clever lyrics and strong melodies. This band is the real deal.”

-MESH MAGAZINE

“Slashing guitar style and bone-dry rhythmic attack, as well as impossibly swinging, all of these cats have golden pipes and provide multi-harmonies to accompany arrangements that stretch, but never seem to tear, the focus of the song.

The album ocilates, wildly at times, between charged rocking experimentation and quieter contemplative numbers from the fertile folk/country reservoir.”

-Sacramento ALIVE AND KICKING !

"Blood warm rhythms, crisp, brilliant guitars and gentle complications abound in this crystal land of hooks & harmonies. This hums with the snap-crackle-pop of odder Cheap Trick, early Bee Gees and other tunefully wistful masters. Sensations embody the best qualities of earlier artists without sounding much like anyone else. A great deal of thought and care is poured into every moment producing a labor of love that amply rewards a listener's attentions."

-JAMBASE.COM

"Sensations rescue pop music from the slagheap of today's charts, returning it to the cerebrally breezy tradition of the Kinks & Hollies. What's more, they build on that darkly tuneful legacy."
